1967SUMMARY REPORT - RESIDENT INDIVIDUAL INCOME TAX RETURNS1967

This Summary Report of Resident Individual Income Tax Returns filed for the calendar year 1967 is the first report of returns filed under the new tax program enacted by the General Assembly of 1967, and identified as Chapter 142, Laws of Maryland 1967.

The new legislation repealed that so-called "classified" type of income tax which was in effect from 1939 through 1966, and imposed a graduated type of income tax at the following rates:

- 2 percent on the 1st. \$1,000 of net taxable income,
- 3 percent on the 2nd. \$1,000 of net taxable income,
- 4 percent on the 3rd. \$1,000 of net taxable income, and
- 5 percent on all net taxable income in excess of \$3,000.

In addition, the Federal adjusted gross income base as well as Federal deductions was adopted, with certain minor modifications.

The new legislation repealed the provisions under which a distribution of income tax revenue was made (1939 through 1966) to Baltimore City, the 23 Counties of the State, and some 160 incorporated cities, towns, and taxing areas, and in its stead authorized Baltimore City and the 23 Counties to impose a local income tax as a percentage of the State income tax, which is administered by the Income Tax Division of the Comptroller's Office together with the State tax.

The local income tax is imposed by ordinance or resolution of the Mayor and City Council of Baltimore City, and the County Councils and County Commissioners of the various counties. These subdivisions are required to certify to the Comptroller their local income tax rates on or before July 1st of the current taxable year.

To replace the revenue of the subdivisions under the prior law formula of distribution for the first year under the new program (1967) Baltimore City and the 23 Counties were required to impose a local income tax at a rate not less than 20 percent of the State income tax for the taxable year 1967.

The rate of the local income tax imposition may not be more than 50 percent of the State income tax and must be imposed in increments of 5 percent.

The increase in the State tax rates created a so-called "windfall" for the first year and the taxpayers were given the benefit of this by allowing a 5 percent discount or credit on their State tax for 1967. This 5 percent credit did not apply to the local income tax.

1967 SUMMARY REPORT - Continued.

For the year 1967 the subdivisions imposed the following local income tax rates:

Allengany County	20%	Charles County	50%	Prince George's County	20%
Anne Arundel County	20%	Dorchester County	45%	Queen Anne's County	20%
Baltimore County	20%	Frederick County	20%	St. Mary's County	50%
Baltimore City	50%	Garrett County	20%	Somerset County	20%
Calvert County	50%	Harford County	30%	Talbot County	35%
Caroline County	25%	Howard County	20%	Washington County	35%
Carroll County	50%	Kent County	20%	Wicomico County	20%
Cecil County	35%	Montgomery County	20%	Worcester County	20%

GROSS INCOME AND NET TAXABLE INCOME SUMMARIZED

Number of resident returns included in tabulation....	1,259,065
Total Income (Federal adjusted gross income).....	\$10,376,492,106
Modifications: Additions.....	\$ 49,313,210
Subtractions.....	<u>252,273,076</u>
	<u>\$ 202,959,866</u>
MARYLAND GROSS INCOME.....	\$10,173,532,240
Total taxpayer's deductions.....	<u>1,286,762,279</u>
Maryland Net Income.....	\$ 8,886,769,961
Total exemptions.....	<u>2,742,818,261</u>
MARYLAND NET TAXABLE INCOME.....	\$ 6,143,951,700
NET MARYLAND INCOME TAX PAID.....	\$ 231,710,766

EFFECTIVE TAX RATE

The net Maryland income tax paid as set forth above (\$231,710,766) is the State tax after the 5 percent discount or credit has been taken. For purposes of developing the effective State income tax rate adding back the total discount or credit allowed (\$12,195,303) the gross State income tax before credit would be \$243,906,069, the effective rate is thus 3.97 percent.

DEDUCTIONS

The deductions allowed on the Maryland return are the same as allowed on the Federal return except that State and local income taxes must be subtracted from the Federal tax deductions as itemized on the Federal return. Also, the Maryland standard deduction is a maximum of \$500 for each taxpayer.

1967 SUMMARY REPORT - ContinuedDEDUCTIONS - Continued

	<u>Number of returns</u>	<u>Percent of total</u>
Taxpayers using Form 503, Optional Method of Computation. (This method provides deductions approximating 10 percent of the gross income to a maximum of \$500.)	531,451	42.21%
Taxpayers using Form 502 and claiming a standard deduction of 10 percent of the gross income to a maximum of \$500.	183,068	14.54%
Taxpayers itemizing deductions	<u>544,546</u>	<u>43.25%</u>
Total	1,259,065	100.00%

PERSONAL EXEMPTIONS

In the 1,259,065 returns filed 3,495,069 exemptions and credit for dependents were claimed. This is an average of 2.78 per return. The total amount claimed for exemptions was \$2,742,818,261 or \$2,178.45 per return. In the case of taxpayers who move in or out of the State during the taxable year the allowable personal exemption of \$800 per person must be prorated according to the number of months of residence. This accounts for the odd figures in the exemption amounts.

STATUS TYPE OF RETURNS FILED

	<u>Number of returns</u>	<u>Percent of total</u>
Single taxpayers	480,711	38.18%
Joint returns of husband and wife	531,325	42.20%
Combined separate returns of husband and wife	175,136	13.91%
Married taxpayers filing separate returns	<u>71,893</u>	<u>5.71%</u>
Total	1,259,065	100.00%

The combined separate return provides a method for husband and wife to make separate computations of their income and deductions but using only the one form. Had not the separate combined method been in use it is reasonable to assume that the total number of returns filed would have been greatly increased, potentially as great as the total taxpayers (175,136) who used that method.
