TAX CREDITS

Out of State Tax Credit: Individuals are allowed a credit against the Maryland income tax for income taxes paid to another state on such part of their net income as is properly subject to taxation in the other state; the amount of tax payable by Maryland residents is reduced by a portion of the amount of income tax paid to the other state, when the other state provides no credit to Maryland residents. The revenue of the subdivisions is not affected by this credit, as it applies to the state income tax only.

Business Tax Credits: Individuals are allowed credits against the Maryland income tax for credits claimed on Form 500CR realized through a sole proprietorship or pass through entity. For a complete description of these available credits, please refer to the form 502CR and its instructions.

Earned Income Tax Credit: Individuals are allowed a credit against the Maryland income tax for 1/2 the Federal earned income credit, up to the amount of the Maryland income tax. The revenue of the subdivisions is affected by this credit, as it is applied prior to the computation of local income tax. For low income individuals, a portion of the Federal Earned Income Credit may be refundable.

Poverty Level Tax Credit: Certain individuals with incomes below poverty level are allowed a credit against the Maryland income tax for a percentage of certain earned income, up to the amount of the Maryland income tax. The revenue of the subdivisions is affected by this credit as it is applied prior to the computation of local income tax.
